

# Mike Matthews

## Qualifications:

Master of Business Administration – Bond University, 2004  
Bachelor of Business – Griffith University, 2001

## About me:

I'm a native English speaker from Australia currently living in Cebu, Philippines. I recently decided to quit the corporate world and continue the journey of life by pursuing an altogether different career. This has led me to Asia where for the last 6 months I have been tutoring English to Japanese and Korean students.

I have extensive experience Sales, Marketing, IT and can teach working professionals on how to communicate in English for business meetings.

My goal is to help students to achieve their best, and I do this by encouraging two way communication, actively listening throughout the lesson, and providing prompt feedback. My students enjoy the lessons because they know I care about truly helping them.

## Interests:

I have a passion for Ice Hockey - I teach juniors how to play at the newly built ice rink in Cebu.  
I enjoy the outdoors and spending time with my son back in Australia.  
I am committed to keeping fit and well. I am also fluent in French.
